

### **A.3.11 AOC 25**

#### **Investigation and Results**

The AOC 25 LNAPL area is located in the northwest portion of the Central Yard. It was first identified during the OWSS Phase I Investigation. Chevron has completed the delineation of the LNAPL area at AOC 25, as described in Section 7 of the RFI Report. Figure A.3.11 shows the approximate locations of the borings and wells that have been installed to investigate this AOC to date.
